As your consultant I would love for you to call in and hear about the Mary Kay opportunity. I'm looking for...

*Positive women who will give their honest feedback!

OR

*Quality women who would be great at the business (or a great talent scout)

OR

*"Bubbly People" - Close family and friends that will cheer me on!

"I believe that information is POWER and that we should always be open and sensitive to the new opportunities to grow. I never in my wildest dreams thought that I would get so much out of this thing called Mary Kay. I do this hotline call because I want the world to know that "I am in love" with the Mary Kay opportunity. It's not just the money, but the friendship, the flexibility and the integrity! I am a BETTER person since being a part of this company. Listen anonymously and see what YOU think!
